

Concert Under the Stars - sponsored by the Hafif Foundation

The Hafif Family Foundation of Claremont sponsors this annual fundraising event: a live concert and catered dinner in a beautiful, wooded, 150-acre outdoor setting in the foothills above La Verne. The purpose is to provide a venue for several non-profit organizations to earn donations for their groups by selling tickets to the events. The Foundation covers all the costs of food, entertainment, and service so that 100% of the proceeds go to the non-profit groups selling tickets. Historically, the event sells out completely, so the organizations that sell the most tickets, early, reap the greatest rewards for their non-profit groups. Tickets are tax-deductible: all proceeds of our ticket sales will go to fund the building of a lecture room at the Harvest Grove Training and Development Center in Kenya!
